

# 16+ Youth Training

[www.people-1st.co.uk](http://www.people-1st.co.uk)

# Training for Success

Training for Success (TFS) is a youth training programme funded by the Department for the Economy. It is designed to give you the skills and confidence to move to the next stage, be that further education, an apprenticeship or employment. Our training is focused on providing relevant qualifications and social development to progress along the path of your future career.

The programme is designed for 16 & 17 years olds and is perfect for those leaving school and wanting to move into vocational training, gain vocational qualifications and gain work experience.

There is an extended eligibility age if you have a disability and are under 22 years or if you are in the category of young people who qualify under the Children (Leaving care) Act (NI) 2002 and be under 24 years of age and have not completed training programmes such as TFS.

All eligible young people who enrol in Training for Success will receive 2 years fully funded training (3 years for students with a disability).

## **Why enrol on our TFS programme?**

- Gain accredited qualifications from a wide range of courses
- Work experience in your industry of choice to develop practical skills
- Essential Skills Maths, English & ICT included in the programme
- Receive £40 EMA per week while in training (non-means tested)
- Student bonuses of up to £360 throughout duration of training
- Contributions towards travel expenses and paid holidays
- Help with childcare costs if required
- Advice, guidance and careers development from our designated support team
- Access to NUS student cards for student discount across many retailers
- Driving Theory classes and contribution to theory test fee

# Training for Success

Training for Success is delivered across four strands:

- Skills for your life
- Skills for Work Level 1
- Skills for Work Level 2
- Skills for Work Level 3

**Skills for your life** will help you address personal and development needs and gain skills and qualifications you need to get a job or progress to higher level education or training.

**Skills for Work Level 1 and 2** will help you gain skills and vocationally related qualifications to be able to gain employment or progress to the next level of training provision or to further education.

**Skills for Work Level 3** will help you work towards the achievement of level 3 qualifications. This is aimed at those who have gained a level 2 qualification through Training for Success, have not yet secured paid employment and who still possess training entitlement.

You have the opportunity to achieve a targeted qualification in each of the four areas outlined below:

- Professional and technical skills (vocational qualifications)
- Essential skills in communication, application of number & ICT (GCSE equivalent)
- Personal and social development
- Employability skills

In addition you will attend a mandatory **work placement** in your vocational area of choice to gain vital work experience and employer references. For students on the Skills for your life strand, job sampling is available based on your needs, giving you the opportunity to experience different workplaces and decide what sort of work suits you best.

The Training for Success Programme is a **full-time training course** with student classes scheduled Monday to Thursday 9.30am – 4.30pm and Friday 9.30am – 12.45pm (Work placement day times may vary as per employer requirements).

Students receive a minimum of 37 days **paid holidays** including all bank holidays throughout the year.

## Student Support Services

Student life may be exciting but it can also be demanding! People 1st have an approachable and friendly student support team who provides students with assistance through every aspect of their training journey.

We ensure students have access to a full range of services, creating a support network to enable you to reach personal and academic goals.

## Education & Learning Support

People 1st offer a range of services to all students who attend our Training for Success Programme, including:

- Digital assessment methods and access to e-portfolio
- Student Google email accounts and access to Google Apps
- Use of computer suites and free printing facilities
- We provide an initial assessment of individual learning needs
- Literacy and Numeracy additional support classes
- Learning support aids and equipment
- Special arrangements to support assessment completion e.g. extra time in exams, scribes
- Arranging 1:1 additional support from external agency partnerships
- Specialist transport arrangements for disability restrictions.

## Student Welfare

People 1st offer a range of services to support students with various issues such as self-esteem, stress, depression, learning barriers, family or personal relationship issues and addictions.

We have strong links with support organisations and specialist services approved by the Department for the Economy, to ensure all students receive access to support networks where required.

All Training offices have designated Student Support Officers and an appointment can be made to speak with an officer, in most cases, on the same day.

For information about our Pastoral Care Policies, contact our Designated Officer Patricia Moley on 028 92600309 or email [p.moley@people-1st.co.uk](mailto:p.moley@people-1st.co.uk)

## Careers Advice & Guidance Team

People 1st offer a free Careers service to all students on the Training for Success Programme across all our Training offices. We provide focused and impartial careers information, advice and guidance to support students in making informed decisions about their education and employment options.

Students have access to one-to-one guidance sessions held weekly by our Careers Team. Advisers assist students in careers, employment and higher education planning. Support is also given in completing applications, whether into employment, internships, apprenticeships or other college courses.

Our Careers Team work with Student Support Officers to source suitable student work placements in students chosen vocational industry. This is a vital part of the student programme allowing them to learn from practical work experiences and gain fundamental industry specific skills.

Volunteering opportunities are also sourced to provide students with invaluable CV building options and additional references for job applications.

Previous students have found that work skills and knowledge gained from work placement and volunteering activities have been a fantastic boost for their employability, helping them meet job role criteria in the competitive world of work.

### Career Advice and Guidance Team Services;

- Focused careers planning sessions for each vocational area
- 1:1 consultation with designated career advisers to assist with progression opportunities
- Employability classes to develop a range of transferable skills for preparation for employment.
- Guidance in understanding the local job market and job search techniques
- Advice and guidance in completing job applications and expert support in creating a CV.
- Understanding how to submit digital job applications
- Job interview techniques and practice
- Attendance at local careers fairs and college open days
- Job taster days via industry site visits
- Access to careers information and further education opportunities for all vocational areas

# Essential Skills

The Training for Success Programme allows students who have not achieved GCSE Maths, English or ICT at Grades A\* - C to complete equivalents in Essential Skills Numeracy, Literacy and ICT up to Level 2. This enables students to be able to meet essential criteria for employment or further education courses.

Those who have already achieved Maths, English or ICT subjects at GCSE A\*-C (or Essential Skill equivalents) will be exempt - although many of our students prefer to up-skill for their continuous development which is an option we provide.

# Employability

Students work towards achieving additional accredited qualifications up to Level 2 in Workskills. These training sessions focus on developing key transferable skills for the world of work and equip students with knowledge and confidence in seeking employment or applying for further education courses in the future.

## **Pearson Level 1/2 Award in Workskills**

- Know how to search and apply for a Job
- Create an individualised CV
- Job Interview Preparation including mock interviews and feedback
- Be able to identify a career pathway and create a plan to succeed
- Planning, organisational and decision-making skills

# Personal Development

In conjunction with our youth enrichment programme, students will gain further accredited qualifications up to Level 2 focusing on developing 'life' skills to improve personal growth.

## **Pearson Level 1/2 Award in Personal and Social Skills**

- Communication and Leadership
- Teamwork and Negotiation
- Healthy Lifestyles
- Money Management and Budgeting
- Diversity within society
- Personal Relationships

# Vocational Options

Almost every company employs administrative staff – and they are usually the back bone of an organisation! IT is a core element of almost every business and the use of IT is evident in our daily lives in many other ways. There are hundreds of different roles and job vacancies that an employee can undertake within a company that fall under the category of IT or business administration and these professionals provide a vast range of functions; from supporting managers and staff teams, assisting with the coordination of events or ensuring the office runs smoothly by implementing and maintaining effective organisational procedures and systems.

Our course will target students to achieve accredited qualifications in Business Administration with a focus on developing core IT skills. It will provide students with knowledge of current working practices for the office environment in addition to developing practical skills for business, IT and administration practices. Our tutors also focus on cultivating student awareness of corporate working relationships including professional communication skills and written documentation.

We offer the IT & Business Administration Programme at Level 1 and Level 2 depending on student prior qualifications.

# Construction: Bricklaying

Bricklayers build and repair walls, chimney stacks, tunnel linings and decorative stonework. If you enjoy doing practical things and are interested in construction, this is the perfect career path for you to follow.

On this course, you will be able to improve many skills and techniques that will give you the expertise to build brickwork and block work of all shapes and sizes. The Bricklaying course is delivered off-site within CITB - Construction Industry Training Board's premises which provided simulated conditions in their designated training workshop giving students practical experience in a real construction environment. Free transport is provided for students to and from the workshop from our training centres. This course also includes fantastic opportunities for students to be involved in live community-based construction projects in local sites. The programme also involves the student's attending a work placement with a local company 1/2 days per week, to develop practical skills and confidence working within this industry.

We offer qualifications at Level 1 and Level 2 options depending on student prior qualifications.

## Duration

2 Years (approx.)

## Entry Requirements
