deal with problems relating to customer service operations	
03.01	collect information on the nature of the problem and assess the likely impact on the customer
03.02	identify the causes of the problem and possible solutions
03.03	evaluate possible solutions against customer expectations and organisational needs
03.04	select and implement an acceptable solution with the minimum possible disruption to customers
03.05	monitor the implementation of the solution and, where necessary, make adjustments
understand how to plan, organise and control customer service operations	
04.01	explain how to develop plans for customer service operations and what these plans should contain
04.02	explain how to identify and work within allocated budgets and time targets for customer service operations
04.03	describe the types of contingencies that may occur during customer service operations, how to assess their risks and plan how to deal with them
04.04	describe the types of monitoring methods that can be used and the criteria they should select to evaluate the effectiveness of customer service operations
04.05	explain how to develop objectives and targets for staff
04.06	explain the importance of briefing staff and how to do so effectively
04.07	explain the importance of monitoring the quality of their customer service operations
04.08	investigate the types of problems that are likely to occur in their customer service operations and how to plan for dealing with these
04.09	explain the importance of liaising with customers and colleagues about problems and possible solutions
04.10	explain how to identify and evaluate possible solutions

Unit Specification
A/601/8364
 Processing complex insurance renewals

Qualification Framework : RQF
 Title : Processing complex insurance renewals
 Unit Level : Level 3
 Unit Sub Level : None
 Guided Learning Hours : 30
 Unit Credit Value : 5
 SSAs : 15.1 Accounting and Finance
 Unit Grading Structure : Pass
 Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Unit: A/601/8364 : Processing complex insurance renewals	
Understand the roles and responsibilities of the various parties within the insurance industry related to the job role	
Assessment Criterion - The learner can:	
01.01	Define the various parties in the structure of the insurance market related to the work carried out
01.02	Describe the roles and responsibilities of the parties identified
Understand the details of general insurance policies.	
02.01	Explain relevant policy cover, terms and conditions related to the work carried out including: <ul style="list-style-type: none"> •Standard extensions and/or limitations •Non-standard extensions and/or limitations
02.02	Explain organisational procedures and the circumstances for granting cover subject to: <ul style="list-style-type: none"> •Standard acceptance •Conditional acceptance
Be able to review complex renewals.	
03.01	Review policies and identify risks requiring re underwriting and pass others which are outside personal levels of authority to the appropriate person
03.02	Describe the probable signs of fraud and the action required for dealing with each
03.03	Refer any situations outside personal authority limits to the appropriate person/department
Be able to deal with complex renewals requiring alteration to existing terms and conditions.	
04.01	Obtain relevant information required including any claims history and estimates for outstanding claims to decide whether to accept or decline renewals
04.02	Make sure information is gained from customers using suited questions
04.03	Notify and consult with other interested parties when appropriate to the circumstances
04.04	Clarify any information that is ambiguous or unclear
04.05	Make allowance for all features and history of the risk and propose appropriate risk improvement measures
04.06	Apply underwriting criteria using automated or manual procedures
Be able to confirm or decline renewal for complex risks.	
05.01	Decide whether to accept or decline the risk, allowing for all features and history of the risk and the effect the decision will have on other business
05.02	Invite renewal of risks promptly and confirm any changes in terms and conditions including premium
05.03	Confirm when cover has been granted and explain clearly any special conditions
05.04	Arrange for accurate and complete documentation and correspondence to be prepared and issued within organisational timescales
Be able to keep accurate and complete records.	
06.01	Complete accurate records
06.02	Maintain accurate records
Understand the requirements of all codes, laws and regulatory requirements	
07.01	Explain the policies and procedures which apply to own job role to include: <ul style="list-style-type: none"> •Legal requirements •Professional codes •Industry regulations
07.02	Summarise the relevant insurance and legal principles and regulations relevant to the work carried out
07.03	Describe the action required when an activity falls outside of personal authority
Be able to comply with all codes, laws and regulatory requirements.	
08.01	Comply with legal requirements, professional codes, industry regulations and organisational policies

A/601/8705
 Arranging the settlement of investment transactions

Qualification Framework : RQF
 Title : Arranging the settlement of investment transactions
 Unit Level : Level 3
 Unit Sub Level : None
 Guided Learning Hours : 68
 Unit Credit Value : 8
 SSAs : 15.1 Accounting and Finance
 Unit Grading Structure : Pass
 Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Unit: A/601/8705 : Arranging the settlement of investment transactions	
Be able to reconcile investment instructions	
Assessment Criterion - The learner can:	
01.01	reconcile investment instructions accurately to market transactions
01.02	maintain accurate records of assets together with monies owed to or to be claimed from investors
Be able to process settlements.	
02.01	arrange for the settlement of the purchase and/or sale of assets within required timescales using the relevant market system
02.02	make sure instructions to process payments are accurate and within permitted timescales
02.03	make sure settlement records are complete and accurate
02.04	make sure settlement records are agreed with the appropriate authority
Be able to process registrations on behalf of the investor.	
03.01	make sure records of transactions accurately detail the number and title of securities to be registered in the investors name
03.02	make sure investor details for the registration of securities are complete and accurate
03.03	identify, investigate and resolve errors or discrepancies within required timescales
03.04	arrange for the registration of securities within required timescales
03.05	arrange for entitlement documents to be stored in the correct location
Be able to provide information about settlements and registrations.	
04.01	provide accurate information about the acquisition of assets within the required timescales to relevant people
04.02	provide accurate information about balances owed to or by the organisation within the required timescales to relevant people
04.03	make sure that information about settlements and registrations is made available only to those who need it and have a right to it
Be able to work within internal procedures	
05.01	describe the main features of the key product types relevant to the work being carried out
05.02	describe the organisational policies, procedures and service standards which apply to arranging the settlement of investment transactions
05.03	explain the potential consequences of not complying with relevant organisational policies and procedures and service standards
05.04	carry out work in accordance with organisational policies, procedures and service standards
05.05	identify the other individuals and teams within the organisation who affect or are affected by the work being carried out
05.06	explain how other individuals and teams impact on the work being carried out
05.07	describe sources of information and advice within the organisation
Be able to comply with external requirements and regulations	
06.01	describe the key market information and terminology relevant to the work being carried out
06.02	explain the legal requirements and industry regulations which apply to arranging the settlement of investment transactions
06.03	make sure work complies with relevant legal requirements and industry regulations
06.04	identify any instances of actual or potential non compliance with industry regulations
06.05	take any actions needed to deal with instances of actual or potential non compliance with industry regulations, reporting these to the relevant authority when required
06.06	explain the consequences of not complying with legal and industry regulations relevant to the work being carried out

D/601/1228
 Use customer service as a competitive tool

Qualification Framework : RQF

Title : Use customer service as a competitive tool

Unit Level : Level 3

Unit Sub Level : None

Guided Learning Hours : 53

Unit Credit Value : 8

SSAs : 15.2 Administration

Unit Grading Structure : Pass

Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

The assessment and quality assurance requirement for this unit provides evidence towards A and V units.

Unit: D/601/1228 : Use customer service as a competitive tool	
organise customer service to gain a competitive advantage	
Assessment Criterion - The learner can:	
01.01	develop their own and colleagues understanding of the services and products offered by their organisation
01.02	define their organisations service offer and the ways in which it compares with those of their competitors
01.03	set an example for colleagues and present an image to their customers that reinforces their organisations service offer
01.04	encourage customer service actions that create and develop customer loyalty
deliver a competitive service	
02.01	take positive actions and encourage colleagues to take actions that provide individual customers with added value within their organisations service offer
02.02	remind customers about their service offer and the extra benefit it provides over those of their competitors
02.03	offer additional technical advice to customers within their organisations service offer
02.04	show awareness of the financial implications of any added value actions that they or their colleagues might offer
02.05	meet customer service targets to ensure that customers see the benefit of dealing with them rather than with a competitor
02.06	re-direct customers to other service providers without offence when their expectations cannot be met by the organisations service offer
02.07	ensure that customers who have shown a previous interest in repeat and additional services are reminded of this
02.08	encourage colleagues to offer complementary services and products when customer satisfaction indicates that customers would be interested in them
understand how to use customer service as a competitive tool	
03.01	identify the factors that lead to customers belief that they are enjoying value for money
03.02	describe the services and products offered by their organisation
03.03	describe the services and products offered by competitors
03.04	identify the features and benefits of services and products that are seen by customers as added value
03.05	explain the purpose of adding non-chargeable items to the service offer in order to impress customers and develop customer loyalty
03.06	explain how to portray a positive image that reinforces their organisations competitive position
03.07	explain their organisations customer service targets and cost implications of added value actions to improve the organisations competitive position
03.08	describe complementary services and products that may be of interest to their customers

Unit Specification
D/601/1522
 Process customer service complaints

Qualification Framework : RQF

Title : Process customer service complaints

Unit Level : Level 3

Unit Sub Level : None

Guided Learning Hours : 40

Unit Credit Value : 6

SSAs : 15.2 Administration

Unit Grading Structure : Pass

Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

The assessment and quality assurance requirement for this unit provides evidence towards A and V units.

Unit: D/601/1522 : Process customer service complaints	
recognise the signs that a query or problem is about to produce a complaint	
Assessment Criterion - The learner can:	
01.01	Identify signs that a customer is becoming dissatisfied with the customer service of their organisation
01.02	take action to change the situation so that the query or problem does not result in a complaint
01.03	take actions to change their customer service approach in order to avoid future complaints when a justified complaint has been made
deal with a complaint effectively	
02.01	ensure that they have a clear understanding of the nature and details of the complaint
02.02	investigate the facts of the complaint in order to establish whether it should be dealt with as a justified complaint or an unjustified complaint
02.03	identify all the possible options for a solution and consider the benefits and drawbacks of each option for their customer and for their organisation
02.04	assess the risks to their organisation of choosing each option
02.05	report the findings of their investigation to their customer and offer their chosen solution
02.06	escalate the complaint by involving more senior members of their organisation or an independent third party if there is sufficient reason to do so
02.07	give feedback to other colleagues involved which will help them avoid future complaints
02.08	keep clear records of the way the complaint has been handled to avoid later misunderstandings
understand how to process customer service complaints	
03.01	explain how to monitor the level of complaints and identify those that should provoke a special review of the service offer and service delivery
03.02	explain why dealing with complaints is an inevitable part of delivering customer service
03.03	describe organisational procedures for dealing with complaints
03.04	explain how to negotiate a solution with their customer that is acceptable to that customer and to the organisation
03.05	explain the regulatory definition of a complaint in their sector and the regulatory requirements of how complaints should be handled and reported
03.06	explain when to escalate a complaint by involving more senior members of the organisation or an independent third party
03.07	explain the cost and regulatory implications of admitting liability for an error made by their organisation
03.08	identify how to spot and interpret signals that their customer may be considering making a complaint
03.09	describe techniques for handling conflict
03.10	explain the importance of dealing with a complaint promptly
03.11	explain why the offer of compensation or replacement service or products may not always be the best options for resolving a complaint
03.12	explain how the successful handling of a complaint presents an opportunity to impress a customer who has been dissatisfied

Unit: J/601/2731 : Debt Collection Negotiations Practice	
Be able to make contact with the debtor in an effective and appropriate way.	
Assessment Criterion - The learner can:	
01.01	Make appropriate contact with the debtor and in accordance with legal and organisational requirements.
01.02	Provide evidence to the debtor which authenticates the collectors relationship to the creditor in accordance with legal and organisational requirements.
01.03	Provide the debtor with information which explains their debt obligation and legal position in accordance with legal and organisational requirements.
Be able to establish if a debtor is able to make full and immediate payment.	
02.01	Establish the debtors ability and willingness to pay in accordance with the debtors profile in complex cases.
02.02	Record the debtors agreement for a repayment of the full amount in accordance with legal and organisational requirements.
02.03	Advise on how to identify, record and investigate suspicions of fraudulent activity/money laundering to the appropriate parties in accordance with legal and organisational requirements.
Be able to record and where appropriate, investigate disputes.	
03.01	Investigate a range of disputes for all or part of the debt which includes complex cases.
03.02	Take action appropriate to the investigation.
03.03	Refer the debtor to other departments/external agencies and brief where appropriate.
03.04	Review customer records in accordance with organisational and legal requirements.
Be able to negotiate repayment solutions.	
04.01	Achieve full payment, following complex negotiations, in accordance with organisational and legal requirements.
04.02	Establish a realistic repayment plan with a debtor, following complex negotiations, and in accordance with organisational requirements.
04.03	Communicate details of the repayment agreement and consequences of default, to relevant parties in accordance with legal requirements.
04.04	Take appropriate action where there is failure to reach agreement for repayment.

Unit Specification
J/601/8318
 Processing the transfer of foreign currency

Qualification Framework : RQF
 Title : Processing the transfer of foreign currency
 Unit Level : Level 3
 Unit Sub Level : None
 Guided Learning Hours : 14
 Unit Credit Value : 5
 SSAs : 15.1 Accounting and Finance
 Unit Grading Structure : Pass
 Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Unit: J/601/8318 : Processing the transfer of foreign currency	
Be able to identify and complete foreign currency transfer requirements within foreign exchange accounts	
Assessment Criterion - The learner can:	
01.01	Identify current exchange rates, limitations and charges
01.02	Identify the currencies available and any limitations that may apply
01.03	Obtain the relevant information from the customer on their foreign currency transfer requirements, confirming requirements
01.04	Identify the types of transfers available and their features and benefits
01.05	Advise the customer of the most appropriate method of transferring funds overseas
01.06	Inform the customer of the available exchange rates, limitations and charges
01.07	Confirm the availability of funds for foreign exchange contracts with the designated person
01.08	Obtain and confirm the customers instructions for overseas transfer and accurately complete the application
01.09	Transmit the application to the servicing unit within the organisational timescale, using the correct security procedures
01.10	Explain the organisational procedures for the completion and verification of applications for the transfer of funds overseas
01.11	Process applications within the organisational timescales
Be able to operate foreign exchange accounts	
02.01	Advise customers within organisational timescales of the receipt of funds from overseas and the charges that apply following notification from the service unit
02.02	Complete customers disposal instructions and inform the relevant people
02.03	Operate currency accounts for customers suitable for their needs and supply the appropriate information and tariffs to them
02.04	Identify customers foreign exchange requirements accurately
02.05	Inform customers of the basis of the current rates and any limitations clearly and without delay
Be able to monitor and comply with all codes, laws and regulatory requirements	
03.01	Explain the purpose of money laundering, how it can be detected and the procedures for dealing with it
03.02	Pass instructions which are beyond the limits of own authority to the designated person
03.03	Describe the organisations procedures and legal limitations for foreign deals
03.04	Follow organisation's procedures and legal limitations for foreign deals
03.05	Provide information about foreign exchange contracts within organisational timescales to the relevant people
03.06	Maintain accurate and up-to-date records
03.07	Explain the organisations requirements relating to the application of codes, laws and regulatory requirements and impact on job role
03.08	Comply with legal requirements, industry regulations, organisational policies and professional codes

Unit Specification
J/601/8528
 Processing complex mid-term insurance amendments

Qualification Framework : RQF
 Title : Processing complex mid-term insurance amendments
 Unit Level : Level 3
 Unit Sub Level : None
 Guided Learning Hours : 27
 Unit Credit Value : 5
 SSAs : 15.1 Accounting and Finance
 Unit Grading Structure : Pass
 Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Unit: J/601/8528 : Processing complex mid-term insurance amendments	
Understand the structure of the market for general insurance business and the roles and responsibilities of the various parties within it related to the work carried out	
Assessment Criterion - The learner can:	
01.01	Define the various parties in the structure of the insurance market related to the work carried out
01.02	Describe the roles and responsibilities of the parties identified
Understand the details of general insurance policies	
02.01	Explain relevant policy cover, terms and conditions related to the work carried out including: *Standard extensions and/or limitations *Non-standard extensions and/or limitations
Understand how to process complex mid-term insurance amendments	
03.01	Explain the organisations procedures for dealing with complex mid-term adjustment
03.02	Outline how to calculate adjustments to premiums associated with mid-term adjustments to relevant policies
Be able to process complex mid-term amendments of insurance cover	
04.01	Obtain sufficient information to assess the customers needs
04.02	Clarify information which is unclear and obtain additional information where required
04.03	Refer any situations not authorised to deal with to the appropriate person/department
04.04	Make sure information and documentation regarding customers and their insurance business are stored safely and made available only to those who need them and have a right to them
Be able to arrange complex mid-term amendments with insurers	
05.01	Communicate accurate and complete information regarding the adjustment to the insurer or underwriter in the appropriate way
05.02	Resolve difficulties associated with the amendment according to business agreements, legal requirements and the limit of authority
05.03	Identify any features that indicate fresh underwriting should take place and decide whether to re-broke the risk
05.04	Negotiate terms and conditions regarding mid-term amendments with insurers to the best advantage possible to customers
05.05	Provide the customer with accurate and complete information which meets their requirements within organisational customer service standards and procedures
Be able to finalise complex mid-term amendments to insurance policies	
06.01	Monitor the progress of the amendment and deal with any delays in a professional manner
06.02	Explain how cover documentation may not meet legal and regulatory requirements and what action should be taken if it does not do so
06.03	Make sure amendment documentation is accurate, legible and meet legal and regulatory requirements
06.04	Arrange for the issue of amendment documentation to the customer within the time required
06.05	Make arrangements for any adjustment in premium and by the means appropriate to the customers circumstances and requirements
06.06	Maintain accurate and complete records within the customers and business files
Understand the requirements of all codes, laws and regulatory requirements	
07.01	Explain the policies and procedures which apply to own job role to include: *Legal requirements *Professional codes *Industry regulations
07.02	Summarise the relevant insurance and legal principles and regulations relevant to the work carried out
07.03	Describe the action required when an activity falls outside of personal authority
Be able to comply with all codes, laws and regulatory requirements	
08.01	Comply with legal requirements, professional codes, industry regulations and organisational policies

Unit Specification
J/601/8707
 Establishing the price of assets and/or investments

Qualification Framework : RQF
 Title : Establishing the price of assets and/or investments
 Unit Level : Level 3
 Unit Sub Level : None
 Guided Learning Hours : 68
 Unit Credit Value : 8
 SSAs : 15.1 Accounting and Finance
 Unit Grading Structure : Pass
 Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Unit: J/601/8707 : Establishing the price of assets and/or investments	
Be able to collate information relating to the value of assets and/or investments	
Assessment Criterion - The learner can:	
01.01	identify the information needed to establish the price of assets and investments
01.02	gather the information needed to establish the price of assets and investments at required intervals
Be able to evaluate information relating to the value of assets and/or investments	
02.01	analyse information gathered about the value of assets and/or investments
02.02	utilise pricing systems in line with organisational requirements
02.03	identify and investigate anomalies and discrepancies
02.04	resolve anomalies and discrepancies promptly
02.05	establish prices using all relevant information relating to the value of assets and/or investments
02.06	make sure the information explains how the benefits for the organisation are optimised and can be justified in market terms
Be able to present information about the price of assets and/or investments.	
03.01	prepare information about the price of assets and/or investments which is clear, accurate and complete
03.02	state the purchase and sale prices for investments clearly and accurately
03.03	make sure all price calculations are correct
03.04	provide information about the price of assets and/or investments to relevant people within required timescales
Be able to work within internal procedures	
04.01	describe the main features of the key product types relevant to the work being carried out
04.02	describe the organisational policies, procedures and service standards which apply to establishing the price of assets and/or investments
04.03	explain the potential consequences of not complying with relevant organisational policies and procedures and service standards
04.04	carry out work in accordance with organisational policies, procedures and service standards
04.05	identify the other individuals and teams within the organisation who affect or are affected by the work being carried out
04.06	explain how other individuals and teams impact on the work being carried out
04.07	describe sources of information and advice within the organisation
Be able to comply with external requirements and regulations	
05.01	describe the key market information and terminology relevant to the work being carried out
05.02	explain the legal requirements and industry regulations which apply to establishing the price of assets and/or investments
05.03	make sure work complies with relevant legal requirements and industry regulations
05.04	explain the consequences of not complying with the legal and industry regulations relevant to the work being carried out

Unit: K/602/5410 : Facilitating an administrative service for mortgage and/or financial planning clients	
Be able to deal with complex requests for information from clients and colleagues	
Assessment Criterion - The learner can:	
01.01	explain the organisations procedures for dealing with new business
01.02	identify the products and services authorised to be discussed within the job role
01.03	respond to complex requests for information from clients and internal colleagues within the limits of the job role
01.04	identify requests for information about financial products and services outside limits of authority and pass these to the appropriate person
Be able to collate information required to prepare quotations and illustrations for complex mortgage and/or other complex financial planning products	
02.01	identify the information required for the preparation of complex quotations and illustrations
02.02	collate information required to prepare complex quotations and illustrations
02.03	describe the actions that need to be taken where further information is needed
02.04	describe how complex quotations and illustrations can be obtained
02.05	obtain quotations and illustrations, within limits of authority, to meet the clients needs and that comply with organisational requirements
Be able to assist mortgage advisers or financial planners prepare for client meetings	
03.01	prepare all necessary information for use by the financial planner or mortgage advisor as part of a client meeting
03.02	prepare information for the attention of the client which is clear, accurate and relevant to their needs
03.03	describe the types of documents required by the financial planner or mortgage as part of a client meeting
Be able to monitor the flow of business and appointments and identify priorities for further action	
04.01	identify the organisations procedures for monitoring the flow of business
04.02	monitor the flow of business and identify priorities for further action
04.03	describe how to monitor the suitability of appointments in the financial planners or mortgage advisors diary, and the actions requiring to be taken
04.04	monitor the quantity and quality of appointments in the financial planner or mortgage advisors diary
04.05	identify priorities for further action
Be able to undertake general administrative duties relating to dealing with mortgage and/or financial planning clients	
05.01	explain how accurate office administration systems can be implemented and maintained
05.02	maintain accurate and up to date records in line with the organisations requirements
05.03	explain current business priorities
05.04	maintain regular contact with the financial planner or mortgage advisor and appropriate colleagues
Be able to comply with codes, laws and regulatory requirements	
06.01	explain the organisations procedures for storing and retrieving confidential records
06.02	make sure confidential records are stored and retrieved in line with organisational requirements
06.03	describe the regulatory framework within which the organisation operates
06.04	describe the legal requirements, industry regulations, organisational policies and professional codes
06.05	comply with legal requirements, industry regulations, organisational policies and professional codes in all activities

Unit Specification

L/503/0508

Calculating and quoting pension scheme retirement benefits

Qualification Framework : RQF

Title : Calculating and quoting pension scheme retirement benefits

Unit Level : Level 3

Unit Sub Level : None

Guided Learning Hours : 20

Unit Credit Value : 5

SSAs : 15.1 Accounting and Finance

Unit Grading Structure : Pass

Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Evidence is collected during normal working activity for any three of the following types of retirement benefits:

- (a) ill-health retirement
- (b) early retirement
- (c) normal retirement
- (d) late retirement
- (e) retirement from preserved.

The pension schemes used for this unit should be the ones used by the learner during their normal working activity and should be either DB or DC but there is no requirement for both to be covered in this unit.

Unit: L/503/0508 : Calculating and quoting pension scheme retirement benefits	
Be able to interpret and apply pension scheme rules in the event of a leaver notification	
Assessment Criterion - The learner can:	
01.01	Identify and apply scheme rules and definitions for all given schemes in the event of a member leaving the scheme
Be able to check that members details received are acceptable and complete under legislative and scheme rules	
02.01	Collect and process the retiring members details accurately and correctly in accordance with scheme and legislative requirements
02.02	Identify and resolve any discrepancies, unusual features or court orders relating to member details
Be able to calculate members benefits and the circumstances under which benefits may need to be recalculated	
03.01	Perform calculations to accurately determine retiring members benefits
03.02	Implement the pension scheme requirements for medical evidence where appropriate
03.03	Settle the retiring members benefits within the service level commitment
Be able to quote benefits which match retirement benefit calculations in line with scheme, organisational and statutory requirements	
04.01	Provide complete and accurate information to accompany the quotation ensuring that benefits quoted match calculations
04.02	Perform activities in a way that meets Disclosure requirements
Be able to provide an accurate quote on retirement benefits which match retirement benefit calculations in line with scheme, organisational and statutory requirements	
05.01	Provide an accurate and understandable quote to the appropriate person, based on calculations in line with scheme, organisational and statutory requirements
05.02	Provide the appropriate person with all relevant documentation

Understand the details of general insurance policies	
02.01	Explain relevant policy cover, terms and conditions related to the work carried out including: <ul style="list-style-type: none"> •Standard extensions and/or limitations •Non-standard extensions and/or limitations
02.02	Explain the significance of cover being subject to conditional acceptance
02.03	Outline the features of new business that may require investigation by insurers
Understand how to calculate and handle payments	
03.01	Outline how to calculate premiums using manual and/or automated systems
Be able to process requests for complex insurance cover	
04.01	Deal with risks within agreed level of responsibility, the authority given by the customer and employers guidelines
04.02	Resolve difficulties associated with new business according to business agreements, legal requirements and the limit of authority
04.03	Communicate with the customer in a style appropriate to the customer and the circumstances of the risk
04.04	Refer any situations not authorised to deal with to the appropriate person/department
04.05	Request any documentation and/or information required
04.06	Make sure information and documentation regarding customers and risks are stored safely and made available only to those who need them and have a right to them
Be able to place complex new business with insurers	
05.01	Submit details to insurers in an appropriate style, manner and timescale appropriate to the risk, with information supplied clearly and concisely
05.02	Identify and resolve any discrepancies in the information supplied
05.03	Negotiate terms and conditions with insurers to the best advantage possible to customers
05.04	Agree final terms and premium
Be able to finalise complex insurance cover	
06.01	Process the new business for payment
06.02	Issue confirmation of cover
06.03	Make sure cover documentation is accurate, legible and meet legal and regulatory requirements
06.04	Monitor the progress of new business with insurers and resolve any delays in a professional manner
06.05	Arrange for the issue of documentation to the client in accordance with employers policy and legal and regulatory requirements
06.06	Maintain accurate and complete records within the customers and business files
Understand the requirements of all codes, laws and regulatory requirements	
07.01	Explain the policies and procedures which apply to own job role to include: <ul style="list-style-type: none"> •Legal requirements •Professional codes •Industry regulations
07.02	Summarise the relevant insurance and legal principles and regulations relevant to the work carried out
07.03	Describe the action required when an activity falls outside of personal authority
Be able to comply with all codes, laws and regulatory requirements	
08.01	Comply with legal requirements, professional codes, industry regulations and organisational policies

Unit Specification
M/601/8703
 Reconciling investment market transactions

Qualification Framework : RQF
 Title : Reconciling investment market transactions
 Unit Level : Level 3
 Unit Sub Level : None
 Guided Learning Hours : 68
 Unit Credit Value : 8
 SSAs : 15.1 Accounting and Finance
 Unit Grading Structure : Pass
 Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Unit: M/601/8703 : Reconciling investment market transactions	
Be able to reconcile transactions and account balances.	
Assessment Criterion - The learner can:	
01.01	identify stock and/or monetary transactions which require reconciliation with investor, stakeholder or bank account balances.
01.02	identify and obtain the information needed to carry out the reconciliation
01.03	reconcile stock and/or monetary transactions with investor, stakeholder or bank account balances accurately.
01.04	deal with reconciliation according to the priority required by employers procedures
01.05	explain the potential consequences of errors in reconciliation for the organisation and other stakeholders
Be able to resolve issues and problems identified during reconciliation.	
02.01	identify and investigate discrepancies or problems identified during reconciliation
02.02	resolve discrepancies or problems identified during reconciliation
02.03	refer discrepancies or problems that cannot be resolved to the appropriate authority.
Be able to provide information about reconciliations.	
03.01	prepare information about account balances which is accurate and complete
03.02	present information in the required format
03.03	provide information within timescales required by employer
Be able to act within personal authority levels	
04.01	identify limits of responsibility
04.02	identify and refer any situations which require authorisation
04.03	identify and refer any situations which fall outside area of responsibility
Be able to work within internal procedures	
05.01	describe the main features of the key product types relevant to the work being carried out
05.02	describe the organisational policies, procedures and service standards which apply to reconciling investment market transactions
05.03	explain the potential consequences of not complying with relevant organisational policies and procedures and service standards
05.04	carry out work in accordance with organisational policies, procedures and service standards
05.05	identify the other individuals and teams within the organisation who affect or are affected by the work being carried out
05.06	explain how other individuals and teams impact on the work being carried out
05.07	describe sources of information and advice within the organisation
Be able to comply external requirements and regulations	
06.01	describe the key market information and terminology relevant to the work being carried out
06.02	describe the legal requirements and industry regulations which apply to reconciling investment market transactions
06.03	make sure work complies with relevant legal requirements and industry regulations
06.04	identify any instances of actual or potential non compliance with industry regulations
06.05	take any actions needed to deal with instances of actual or potential non compliance with industry regulations, reporting these to the relevant authority when required
06.06	explain the consequences of not complying with legal and industry regulations relevant to the work being carried out

Unit Specification
M/602/5425
 Monitoring and reviewing financing and credit facilities

Qualification Framework : RQF
 Title : Monitoring and reviewing financing and credit facilities
 Unit Level : Level 3
 Unit Sub Level : None
 Guided Learning Hours : 13
 Unit Credit Value : 4
 SSAs : 15.1 Accounting and Finance
 Unit Grading Structure : Pass
 Assessment Guidance : Please refer to the [Online iCQ Assessment Guidance](#).

Unit: M/602/5425 : Monitoring and reviewing financing and credit facilities	
Be able to gather information required for reviewing customer accounts for financing and credit facilities	
Assessment Criterion - The learner can:	
01.01	explain the financing and/or credit facilities offered by the organisation and the terms and conditions that apply to them
01.02	describe the organisation's policies and procedures for monitoring and reviewing accounts
01.03	explain the limits of own authority when monitoring and reviewing financing and/or credit facilities
01.04	explain to whom any accounts which are outside own authority should be referred
01.05	identify financing and/or credit facilities for which a review is appropriate
01.06	gather all the information necessary to carry out the review
Be able to analyse account activities and recognise potential problems	
02.01	explain the process of analysing information on accounts, including the warning signs of potential debt
02.02	explain the types, causes and significance of variances and trends in accounts
02.03	analyse the activity on the account identifying any trends and patterns
02.04	describe the warning signs of potential debt and failure to maintain agreed payments
